No. A. R.

From

J. P. BRANDER, ESQUIRE, I.C.S.,
Inspector General of Registration,
Bombay Presidency, Poona;

To

THE SECRETARY TO GOVERNMENT,
Revenue Department, Bombay.

Poona, 30th April 1935.

Subject.—Administration Report.

Sir,

I have the honour to submit my report on the working of the Registration Department under Act XVI of 1908 for the triennium ending 31st December 1934 together with the prescribed statistical statements. The statistics relate to the year 1934 only.

2. During the triennium, the following officers were in charge of the office of the Inspector General of Registration :—

(1) Mr. C. H. Bristow (1st January 1932 to 29th March 1932).

(2) Mr. J. P. Brander (30th March 1932 to 23rd April 1932; 4th November 1932 to 31st December 1932; 1933; 1st January 1934 to 28th April 1934; 4th June to 31st December 1934).

(3) Mr. A. M. Macmillan, C.I.E., (24th April 1932 to 3rd November 1932).

(4) Mr. K. L. Panjabi (29th April 1934 to 3rd June 1934).

3. The total number of all registrations in 1934 was 2,77,346 against 2,73,463 in 1933. The following table gives comparative figures for the last ten triennia :—

Triennia.	Average No.
1905-07	1,98,000
1908-10	2,21,500
1911-13	2.71,900
1914-16	2,82,500
1917-19	3,21,794
1920-22	3,20,572
1923-25	3,00,563
1926-28	3,02,886
1929-31	2,93,867
1932-34	2,76,400

Though the total number of registrations in 1934 shows an increase, there is a falling off in the aggregate value of documents (compulsory and optional) affecting immoveable property compared with the last year when the number of documents registered under this class was less. The increase in registrations is noticeable in

sales or exchanges of value less than Rs. 100, and in mortgages. In Bombay the total number of documents (compulsory and optional) affecting immoveable property was 4,590 of the aggregate value of Rs. 7,29,15,694 in 1934 against 4,794 and Rs. 9,55,81,296 respectively in 1933. But in 1932 though the number was 4,253 the aggregate value amounted to Rs. 9,93,98,977. The Sub-Registrar, Bombay, says that the decrease in 1934 is due to the general economic depression. In the district of Ahmedabad the number of documents relating to immoveable property registered in 1934 was 12,334 of the aggregate value of Rs. 1,66,10,113 against 12,453 and Rs. 1,54,20,825 respectively of the previous year. The District Registrar, Ahmedabad, ascribes the increase in the value primarily to the development of the city, and the suburbs of Ahmedabad and also to better trading conditions. The District Registrar, Ratnagiri, attributes the decrease in leases in his district to the fact that the owners of lands have taken to cultivating their lands themselves. According to the District Registrar of Thana the decrease in mortgages is due to the tightness of the money market. Speaking of the decrease in registrations, during the triennium under report, which is noticeable in almost all kinds of deeds the District Registrar, Poona, states that it can be ascribed partly to reduced business activities owing to the tightness of the money market, and partly to the scarcity of rain in some parts of the district, coupled with unfavourable seasons. The District Registrar, Satara, says that the decrease in the average number of documents registered during the triennium 1932-34 is due to the falling off in the number of documents in each successive year, and that it indicates the condition of trade during these years which has been consistently dull owing to the fall in the prices of agricultural produce in general. In 1934 the number of mortgages shows an increase, while there is a fall in the number of compulsorily registrable leases. The increase in the former, the District Registrar states, is a consequence of the indebtedness of the agriculturists, while the decrease in the latter may be attributed to the fall in the prices of agricultural produce, and the consequently reduced prospects of cultivation. In the District of Sholapur sale certificates increased by 280. The District Registrar, Sholapur, states that these certificates were issued by the Special Recovery Officer who recovered the arrears of debts granted by the Co-operative Societies after selling, by public auction, the immoveable property of the defaulting members. The District Registrar, West Khandesh, ascribes the increase in mortgages to the fact that the Co-operative Societies are not now satisfied with mere money bonds, and they insist on regular mortgage deeds as a better security for the loans advanced. The District Registrar, Kanara, attributes the increase in the total number of registrations to a slow but perceptible revival of trade from the depression prevailing in the years 1932 and 1933. The District Registrar, Dadu, states that there is a decline in registrations as was anticipated last year, and that a rise may be expected if the Agricultural Department succeeds in its efforts to infuse in the agriculturists the habit of cotton sowing.

Compared with the number for the last triennium, the average number of documents (compulsory and optional) relating to immoveable property shows a reduction. The average total number has fallen from 2,87,288 to 2,70,261 a reduction of 5·9 per cent. These documents constitute 97·7 per cent. of the average total number of registrations. The decrease in the compulsory registrations is 5·8 per cent. while in the optional registrations it is 9·9 per cent.

The average number of documents relating to moveable property has declined from 4,510 (in 1929-31) to 4,114 (in 1932-34), i.e. by 8·8 per cent.

Wills have fallen slightly from an average of 2,063 to 2,022, i.e. by 1·9 per cent. Authorities to adopt have fallen from 5 to 3.

4. Turning to the various main classes of documents, sales, constituting 50·7 of the total registrations, have increased from 1,34,193 to 1,40,066, i.e. by 4·3 per cent.

Mortgages have fallen from 94,519 (in 1929-31) to 80, 307 (in 1932-34), i.e. by 15 per cent.

Compulsorily registrable leases declined from 30,700 (in 1929-31) to 24,546 (in 1932-34), i.e. by 20 per cent. There was a similar decline from 4,637 (in 1929-31) to 3,919 (in 1932-34) or by 15·5 per cent. in the average number of optional leases.

The variations in other classes do not call for any remarks.

5. The average number of refusals to register has fallen from 439 to 374 thereby showing a decrease of 14·8 per cent. As observed in the report of the last triennium the number continues to be high in Bombay and in some districts in Sind.

6. In the four Deccan districts of Poona, Satara, Sholapur and Ahmednagar the average number of documents prepared under the Deccan Agriculturists' Relief Act was 42,882 during the triennium under report against 50,004 of the last triennium showing a reduction of 14·2 per cent. These transactions constitute 57·3 of the average total number of documents registered in those districts.

7. During the triennium, the Co-operative Societies registered, on an average, 10,129 documents against 11,196 in the last. Had it not been for the exemption from the payment of fees, a sum of Rs. 39,267 would have been realised annually as registration fees.

8. The average number of applications for copies, searches etc. declined from 23,508 to 18,966, i.e. by 19·3 per cent. The number of applications for copies dealt with by V. P. P. fell from 8,745 in 1933 to 8,191 in 1934, i.e. by 6·3 per cent.

9. The average number of documents returned by post has fallen off from 2,14,678 (in 1929-31) to 2,01,008 (in 1932-34) or by 6·3 per cent. These documents constitute 72·7 of the total number of registrations.

10. The average number of cases in which fines under sections 25 and 34 were levied has fallen from 468 (in 1929-31) to 396 (in 1932-34), i.e. from 9·3 per cent. to 15·4 per cent.

11. The number of deeds impounded in 1934 for insufficiency of stamp duty was 462. In 249 cases the action of the impounding officers was upheld, 83 were adjudged as duly stamped and 130 awaited disposal at the close of the year. The number of cases impounded last year was 679.

12. The number of orders and certificates received for being filed rose from 8,532 (in 1933) to 10,410 (in 1934), i.e. by 22 per cent. The increase may be due to the fact that many cases had to go to the Courts for the recovery of money advanced.

13. The number of Parsi Marriages Registered in 1934 was 442. Out of these the Registrar of Marriages, High Court, Bombay, alone registered 337. In 1933 the number was 475.

In 1934 the number of marriages registered under the Special Marriage Act III of 1872 was 66, Bombay claiming the majority. In 1933 the number was 62.

14. One declaration was recorded under the Cutchi Memons Act in 1934.

15. The proposal for the transfer of the city survey work to the proper Department referred to in paragraph 18 of the Administration Report for the year 1933 was accepted by Government and the work was transferred to Land Records Department with effect from 1st July 1934.

16. The Sub-Registry Office, Vairag, which was abolished in the year 1931 as a measure of retrenchment was reopened from 1st March 1934 as a temporary measure.

17. The number of documents received for photography in the year 1934 was 90,759 against 89,852 of the previous year. The percentage of documents rejected as unfit for photography was ·07 in 1934. In 1933 it was ·14. The number of copies supplied in 1934 was 2,021, and the total number of sides printed was 460,422 against 1,734 and 449,905 respectively in 1933. The demand for large size copies is on the increase.

18. The total gross income of the Department increased from Rs. 15,82,811 in 1933 to Rs. 16,26,391 in 1934, i.e. by 2·7 per cent. The increase is mainly due to revised scales of fees.

19. The total expenditure decreased from Rs. 5,87,478 in 1933 to Rs. 5,78,730 in 1934. The decrease is due to the abolition of the Registration Clerks' posts. Besides this expenditure, expenditure on the following items is to be taken into account:—

	Rs.
Cost of printing books and forms, binding work, rubber stamps, etc.	13,627
Cost of stationery articles supplied ...	3,014
Approximate rental value of Registration Offices.	36,000
Rough proportion of pay of District Registrars and Inspector General of Registration ...	58,180
Total ...	1,10,821

	Rs.
Less—Credited by the Land Records Department to the Registration Department for the C. T. S. work done by Sub-Registrars	333
	1,10,488

Including these items the total *pro forma* expenditure comes to Rs. 6,89,218 against Rs. 6,87,816 of the preceding year.

Deducting the above expenditure and refunds amounting to Rs. 5,143, the net income of the Department amounted to Rs. 9,32,030 against Rs. 8,90,794 of the previous year.

20. There was only one case of false personation filed in 1934, viz. in the district of Dharwar. The result is awaited.

The two cases, from the districts of Belgaum and Sukkur reported in the Report for 1933 ended in convictions.

21 The Inspectors of Registration inspected almost all the Sub-Registry Offices in their Divisions. The entries inspected by them in 1934 were 149,231 against 142,881 of the previous year. This is roughly 50 per cent. of the total number of entries. The District Registrars visited 133 offices, while the Prant Officers visited 113.

Noticeable features of the triennium.

22. (1) Many Sub-Registry Offices were abolished to effect economy (paragraph 21 of the Administration Report for the year 1932).

(2) The Gogho system not being satisfactory (paragraph 19 of the Administration Report for the years 1932 and 19 3) proposals to abolish it and wherever necessary to provide periodical visits of regular Sub-Registrars have been worked out and the case is now under the consideration of Government. It is hoped the new arrangement will much improve matters.

(3) Seventeen posts of Registration clerks were abolished and in consequence the District Registrars now do a general inspection of Sub-Registry Offices (paragraph 3 of the Administration Report for 1933).

(4) The Registration Act was got suitably amended to allow the proper certification of film negatives (paragraph 21 of the Administration Report for 1933).

(5) Although the Revenue Districts of Broach and Panch Mahals were amalgamated for the convenience of the public, the Registration District of Panch Mahals has been separately retained, and the Assistant or District Deputy Collector in charge of Godhra, Dohad and Kalol talukas and Jhalod and Halol Mahals is appointed as Registrar of the district (G. R., R. D., No. 1411/33 dated 8th March 1934).

(6) As the card indexes for the years 1923 to 1925 showed signs of getting unserviceable they were ordered to be prepared in the old book form (G.R., R.D., No. 2482 dated 14th September 1934).

(7) A "Remarks and Suggestion Book" has been ordered to be maintained in each Sub-Registry Office, the idea being to provide a facility for the public to make suggestions for improving the arrangements.

(8) As in the interest of the registering public it was considered expedient to have some control over persons usually engaged in writing documents the system of issuing licenses to such persons has been introduced as an experimental measure.

(9) Steps have been taken to get the registration of births and deaths done more efficiently. Wide publicity to the necessity of the registration of births and deaths has been given, and arrangements have been made for the receipt of notices of births and deaths from private medical practitioners (G.R., G.D., No. 9620 dated 6th February 1934).

23. Other Schemes to improve control over and the discipline of the personnel of the Department are under consideration and should, when introduced, give satisfactory results.

Besides the responsible routine work of the Department the Head Assistant Mr. V. M. Thatte has had many important schemes of reorganisation to prepare some involving retrenchment and others large increase of Government Revenue. His services in this constructive work have been extremely valuable to Government and myself and will I trust secure him special recognition. The Inspectors and the office staff of the Inspector General of Registration have worked well.

The Government Photo Registry has been managed by Mr. M. C. Trivedi efficiently. Several important questions regarding this system of copying have yet to be settled.

The title of Rao Saheb was conferred on Mr. S. K. Barve, Sub-Registrar, Bombay, on the eve of his retirement.

Your most obedient servant,

J. P. BRANDER,

Inspector General of Registration,
Bombay Presidency, Poona.
